Independent Auditors' Report

The Partners
De Bellas & Co. Capital, LP

We have audited the accompanying statement of financial condition of De Bellas & Co. Capital, LP (a Texas limited partnership) as of December 31, 2007, and the related statements of operations, changes in partners' capital and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Partnership's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinion.

As described in Note D to the financial statements, the Partnership had certain transactions and relationships with an affiliate. Because of these relationships, it is possible that the terms of these transactions are not the same as those that would result from transactions with unrelated parties.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of De Bellas & Co. Capital, LP as of December 31, 2007, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying information included in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DE BELLAS & CO. CAPITAL, LP
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2007

NOTE A - NATURE OF OPERATIONS

De Bellas & Co. Capital, LP (the "Partnership"), a Texas limited partnership, is a broker-dealer registered with the Securities and Exchange Commission and is a member of the National Association of Securities Dealers, Inc. The Partnership was formed in July 1999 and merged with and succeeded to the business of De Bellas & Company Capital, LLC, a registered broker-dealer, on August 1, 1999. The Partnership operates under the exemptive provisions of the Securities and Exchange Commissions Rule 15c3-3(k)(2).

NOTE B - SIGNIFICANT ACCOUNTING POLICIES

Cash and Cash Equivalents: For purposes of the statement of cash flows, cash and cash equivalents consist of highly liquid investments with original maturities of three months or less.

Revenue and Expense: Revenues and related expenses are recorded as earned or incurred, respectively.

Income Taxes: Income taxes or credits resulting from earnings or losses are payable by or accrue to the benefit of the partners and are not included in the accompanying financial statements.

Allocation of Income or Loss: Net income or loss of the Partnership is allocated to the partners in accordance with the Partnership Agreement.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

NOTE C - NET CAPITAL REQUIREMENTS

The Partnership is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2007, the Partnership had net capital of \$5,076, which was \$76 in excess of its required net capital of \$5,000. The Partnership had no aggregate indebtedness at December 31, 2007.

The General Partner and an affiliate have represented that they have the ability and intent to support the operations of the Partnership and keep it in compliance with Rule 15c3-1.

NOTE D - RELATED PARTY TRANSACTIONS

Under a management agreement with an affiliate, the affiliate provides management, legal, accounting and other professional services to the Partnership. The affiliate also pays all overhead expenses, as defined in the agreement. The incremental allocation service fee portion of the management fee is payable monthly and renews annually unless terminated by the Partnership or the affiliate upon 30 days written notice. During 2007, the affiliate waived the proportional allocation service fee. Management fee expense for the year ended December 31, 2007 was \$150,000.

**INDEPENDENT AUDITORS' SUPPLEMENTARY
REPORT ON INTERNAL CONTROL**

DECEMBER 31, 2007

Independent Auditors' Report on Internal Accounting Control
Required by SEC Rule 17a-5 of the
Securities Exchange Act of 1934

The Partners
De Bellas & Co. Capital, LP

In planning and performing our audit of the financial statements and supplementary schedules of De Bellas & Co. Capital, LP (the "Partnership") for the year ended December 31, 2007, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Partnership including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Partnership does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Partnership in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Partnership is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Partnership has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Partnership's practices and procedures were adequate at December 31, 2007, to meet the SEC's objectives.

This report is intended solely for the information and use of the Partners, management, the SEC, the Financial Industry Regulatory Authority (formerly the National Association of Securities Dealers, Inc.) and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
